## ONE FREE CONSULTATION

Your partnership with a designer shouldn't be a blind date. This is our chance to get to know each other – business compatibility leads to open communication, understanding and better results.

## TIMELY PROPOSALS

We will provide you with a list of recommendations. We assess the situation and develop the most strategic and cost-efficient means for developing or improving your market presence and brand equity. All services are offered a la carte.

## MAKING YOU HAPPY

Our goal for each design project is to exceed our clients' visual expectations by making their businesses look polished and professional through purposeful design and storytelling.

*Solving Problems Through Visual Design.*

## WEBSITE DESIGN & BUILD-OUT ..... call for a quote

### DESIGN AND REVISIONS

- Creation of Site Map & Wireframes (UX)
- 2 initial home page designs
- 1 interior page design
- 3 rounds of revisions
- Complete Site Build-out & Google Analytics Set-up

### PLATFORM AND BUILD-OUT

All sites are built on the Content Management System (CMS) WordPress so you can quickly and easily make updates to your website on your own. If you don't want to be bothered, I offer monthly website maintenance too! See below.

### RESPONSIVE DESIGN

Responsive design is designing the website for a wide-range of screen resolutions, from mobile phones to desktop computers. The responsive coding reconfigures the elements of your site to fit the screen size you are viewing which in turn eliminates the need for a "mobile" website.

## WEB ADD-ONS

Website Maintenance ..... \$150/hour
